About Us

Aluminium Projects SA is a leading manufacturer and installer of all aluminium architectural products. We supply our products to both the private and public sector, and are committed to providing our clients with the best possible service. We believe that aluminium is the perfect material for modern architecture, and our products are designed to meet the highest standards of quality and durability. We have a team of experienced professionals who are dedicated to ensuring that each project is completed on time, and within budget.

Since 2007, Aluminium Projects SA has been a leading manufacturer and installer of all aluminium architectural products in Southern Africa. We supply and install a wide range of aluminium products for both the domestic and commercial markets, including windows, doors, shop fronts, skylights, gates, and more. Our team of highly skilled professionals are passionate about what they do, and we take pride in providing our clients with superior-quality products that exceed their expectations.
